On behalf of Auckland Bowls Board and management team, we would like to acknowledge the effort and support from all parts of our bowls community.

To our Bowlers, whether you are a serious competitor or a social bowler, thank you all! We are all passionate about this sport, so your participation is crucial to keeping our clubs and region moving forward.

Thank you to all our Volunteers. These wonderful men and women generously give their time and energy to coach, support, administer, manage and mentor. You ensure club events run smoothly and continue to be the backbone of our bowling activities.

A big shout out to our Greenkeepers, who we depend on for quality greens. We value your expertise and know that your efforts enable our clubs to host and deliver competitive events.

To all our Officials, tournament convenors, committee members, umpires, markers, and those who come to support players, thank you - we appreciate everything you do.

We also recognise and thank our key Partners who provide financial and operational support to our organisation. We would like to acknowledge Ryman Healthcare who have been our main sponsor for events throughout the season.

# PRESIDENT'S MESSAGE

GREAME SCOTT  
PRESIDENT

Our bowls community strives to be welcoming and friendly.

Lawn bowls is played for the challenge and competition. It brings activity, personal enjoyment, the pleasure of spending time outdoors and provides great social interaction. Many say that once lawn bowls grabs a hold of you, it is hard to pass up an opportunity to get out on the green.

Haven't we faced a challenge over the last season? Events were disrupted, or at times halted, bowls clubs had to close. With good guidance from Bowls New Zealand, agile planning from Auckland Bowls and the support of club executives and its members, everyone worked together with a common goal – to play bowls. With everyone's support and contribution, it was not too long before we could resume playing the game that we love, so great work everyone.

## Our clubs

I have been fortunate to have visited and bowled at many clubs. Our bowls community strives to be welcoming and friendly and I have always enjoyed great hospitality.

Each of our clubs have wonderful histories and there are many reminders of the legacies of those who have come before us. But, as with all that we do change is inevitable, so it is great to see clubs thinking about new ways to maintain activity to boost income at their venues.

Clubs are expanding their options by opening their doors to groups outside of bowls. More and more clubs are hosting a range of social and corporate activities - connecting more with their local community and neighbourhoods. This is exciting and a positive way forward for growth.

## Our winners

Congratulations to all those champions and winners over our last season; those who have had success when representing their clubs, those who won Auckland Centre events, regional and national events, and those who have made representative squads. Your success and efforts ensure Auckland has a presence in the sport of bowls, a pathway for others to aspire to – we are grateful and proud.

This year in June, we were able to celebrate an outstanding bowling season with our Awards Luncheon. While we expected to acknowledge winners from larger clubs, it was great to congratulate winners from our smaller clubs too!

## Auckland representatives

I applaud our Auckland players selected by Bowls New Zealand to represent the North Island in the upcoming North vs South event, being held in Dunedin in early October. This will be a pathway to be selected in the 2022 Commonwealth Games team. We will watch with keen interest and hope for solid results.

This year's National Inter-centre was held in Wellington in March, our teams were determined and focused on doing well. They tried their best and the Open Men reached the finals, battling it out against Southland, who triumphed on this occasion. I am pleased to have witnessed a great team spirit and as always, we are proud to have our region well represented.

## Events

In my role as President, I attend many of the events during the season. I see first-hand the competitiveness and rapport amongst players, and how the different levels of experience and skill are put to the test. The greens are full, so it is pleasing to report the number of entries for our Auckland Centre events is on the rise for the first time in five years. Overall, we had an increase of 200 players competing in 2020-2021 events.

Let us continue the great effort. Happy bowling!

# FROM THE CHAIRMAN

Michael Feek  
CHAIRMAN

We continued to make progress in delivering our strategy of getting more people playing bowls.

## Overview

Sixteen months on, Covid-19 is still in our lives, but in typical Kiwi can-do attitude, New Zealand responded quickly – we came together as one, working to keep our communities safe. This approach had positive results, we experienced a low rate of infection, and our lockdown periods were less compared to other nations.

We acknowledge that life as we knew it has changed and it is likely that we will need to be prepared for some continued flux and uncertainty. While the past year may have seen some restrictions to time on our greens, every possible effort was made to complete our championship events.

Thankfully, only one marquee event was cancelled, Women's Premier Singles. The Board and I would like to thank you all for your patience and support. This event is back on the playing programme for the new season, and we are looking forward to a full calendar of bowling action.

## Our board and team

Over the past year, we had changes to the Board and our management team. I wish to thank the previous management team for their input and support of the sport of bowls.

We welcomed new board member Ian Dee. His experience in both the

business and sporting worlds will be bring added capability to the Board.

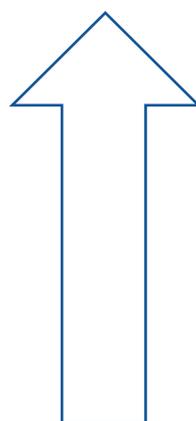

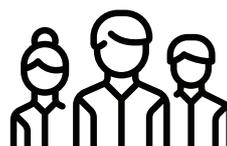

Our new management team, led by General Manager, David Ball brings together a dynamic and diverse range of business expertise. We look forward to working alongside you all over the upcoming season.

## Club performance

Inevitably there has been some financial impact on the bottom line of most clubs. Yet, we saw how quickly clubs adapted. We should acknowledge the work of our club officials, greenkeepers and

volunteers who have played a part in ensuring their club has maintained its presence.

It is no surprise that we had a fall in social and corporate bowls activity which resulted in an overall decline in social participation against the previous year. What is encouraging is the increase in the number of full playing memberships across the region of 13% – people are seeing the benefits of playing and competing in Bowls.

# 13%

## INCREASE IN FULL PLAYING MEMBERSHIP

## Our strategic plan

We continued to make progress in delivering our strategy of getting more people playing bowls

Our vision is to have “more people playing and enjoying bowls more often” – this remains unchanged, as do the three pillars of our strategy (see graphic on right). What we have done is further refine our strategic plan to be more flexible and adaptive in our efforts to achieve the objectives. Here is a snapshot of the progress we are making on some of our objectives:

### Sustainable club network

*We will provide relevant resources, expertise and support to enable sustainable proficient run clubs.*

Auckland Bowls is fortunate we have the Rawhiti Fund to draw on as a key resource – it provides funding to assist in delivering initiatives that seek to advance, develop, promote and grow the game of bowls. We are devising a coaching programme to produce more qualified coaches within the club network and implementing a talent ID programme. For this reporting period we have approved \$255,000 in Club Development Agreements.

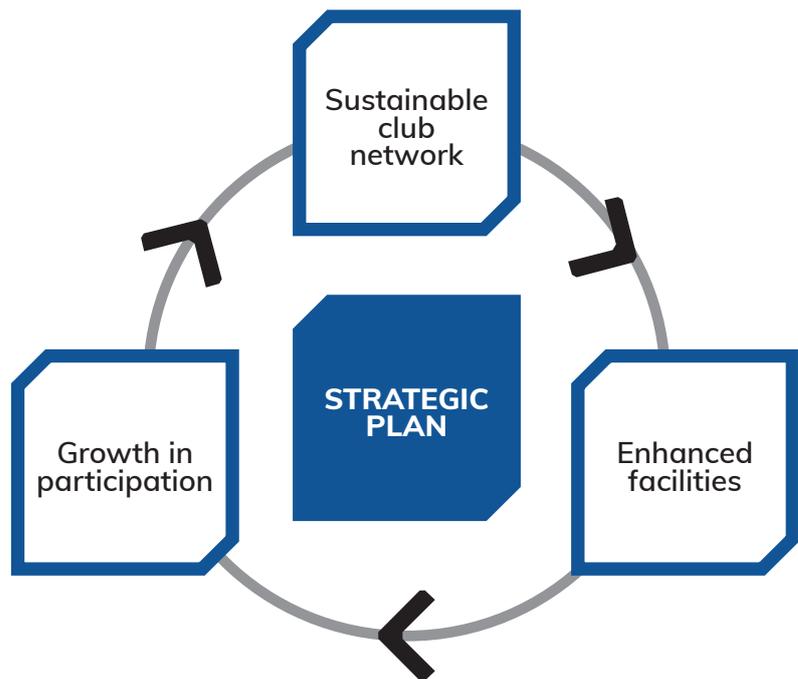

### Enhanced facilities

*We will support enhanced, multi-use facilities to have access to play all year round.*

#### Facilities Enhancement Fund:

Members have told us one of the key drivers to remain a member is for clubs to have decent facilities. Under the Facilities Enhancement Fund, clubs can apply to help fund capital projects. In the 2021 financial year, we have approved \$147,000 of project applications, such as new artificial greens replacements and upgrades to bathrooms and kitchens.

**Covered greens:** We aim to have strategically aligned locations with covered greens across the Auckland

Bowls region. This will extend the playing options for all levels of bowlers, expand the hosting opportunities for the region and enhance the under-cover sporting options available for local community and school groups.

Two such facilities have already been established and are in operation. A further three clubs have projects due to get underway this year – two of which have received support from the Rawhiti Fund.

**World-class greens:** As with many aspects of business, we face more stringent demands around Health & Safety and Workplace Practices. Greenkeeping activities are no exception. The spotlight is on our clubs to comply with Agri-chemical activities. Club competition is always fierce, so the greens not only need to meet the demands of the playing programme, but importantly they need to be compliant, efficient and cost-effective. We are working alongside Bowls NZ, NZ Greenkeepers Association, and clubs to meet compliance standards.

### Growth in participation

*We will maintain and grow participation in full playing, limited, social and casual members.*

**Developing playing formats:** We are looking at opportunities to provide tailored offerings and develop playing formats that cater to all levels of membership categories. Bowls 3Five is proving to be popular with clubs particularly, with corporate and social members. This shortened format style of game is great fun and can be played to fit around the working day.

On behalf of the Board and our management team, we thank you for your continued support and we wish you all the best for the season ahead.

# GENERAL MANAGER'S REPORT

David Ball  
GENERAL MANAGER

We start the new season with a refreshed approach and great optimism – we are all excited about the opportunities ahead.

## Overview

As a sporting body, we always want to focus on the positives. Along with other sporting and business entities we too have had to adapt – how we operate, how we communicate, how we engage with each other, how we socialise and of course, there has been a financial impact. We know that New Zealand has been fortunate – other countries and their bowling communities have had far greater disruptions over the past year.

We start the new season with a refreshed approach and great optimism – we are all excited about the opportunities ahead.

Auckland Bowls represents the largest catchment of clubs across the New Zealand bowling community, with locations through the Central, West, East and Southern suburbs of Auckland. Our team is a group of talented professionals – we are all committed to being successful. While we may have a new perspective, our objective is clear; the Auckland Centre is here to support our club network.

We work closely with Bowls New Zealand to achieve strong alignment

and consistency across our activities. It is great to know that we can tap into the resources and expertise that they have available.

## Partnerships

Several bowling committees and official associations are operating within our region. Auckland Bowls interacts with each of these groups to understand their individual needs and to help them achieve their specific objectives for our sport.

Having visited and bowled at most of the clubs in our region as well as a range of clubs across the country. I have met with club executives, chatted with players and have regular contact with many. It is evident clubs and centres across New Zealand face the same types of challenges:

- what can we do to grow the game?
- what do we need to do to attract first-year bowlers?
- how do we enhance the experience for existing members?
- in what ways can we encourage other groups to play bowls?

We field all sorts of feedback from our bowling fraternity, so I recognise we all share a passion for this sport. Our members want to feel they have a voice, my aim is to always keep our conversations positive, open and transparent.

Our message at Auckland Bowls is clear and consistent – Auckland Bowls exists to support the clubs and players in our region. We will do whatever we can to get more people playing bowls.

## Club development agreements

Auckland Bowls has been working closely with several clubs to initiate club development partnerships. The primary objective of the Club Development Agreement (CDA) is to assist clubs to be more sustainable through growth in membership and good financial management practices.

One of the benefits of the CDA programme has been to engage the services of a Bowls Development Officer who can focus on development initiatives such as membership growth, promoting bowling activities, delivering dedicated communication and improving a club's online presence.

The results are speaking for themselves and clubs with CDAs are seeing an increase in membership and activities – feedback has been nothing but positive. Our challenge is to capture all the great work being undertaken, share the success stories and add these winning strategies to our ‘resource toolbox’ for our clubs.

### Youth development

Auckland has a great depth of young and emerging bowling talent – each year, bowlers from this group increase their playing profile through their bowling achievements. We are committed to supporting these players and are continually looking at ways to help develop their bowling capability and know-how.

In late August, we will hold our inaugural ‘Open Under 26 Pairs’ event. The focus of this event is to provide development opportunities for upcoming bowlers to showcase their talent.

Many of our clubs in the Auckland region have a secondary school in their neighbourhood. As a key bowling centre, we have been working with College Sports to provide lawn bowling as a sporting option for these students. Over the coming season, we will be working with clubs to develop a structured approach for engaging with their local schools and help them promote and deliver bowling activities.

### High performance

Auckland Bowls is committed to supporting players across the Auckland region – particularly those players who have proven to be successful during the past season, as well as those dedicated to continually improving their performance.

The upcoming season has many events where talented players can be identified for inclusion in our High-Performance programme. Teams for the Open Men, Open Women, 1-5 Year Men and 1-5 Year Women are selected to participate in regional representative fixtures conducted through the season.

Auckland Bowls will look to implement a targeted support programme for these talented bowlers – technical training, player

development, pathways to elite tournaments, umpiring skills, sponsorship, etc. We are working with our existing network of resources to deliver these initiatives and identifying how these resources can be developed and improved.

### Coaching programme

A key objective for Auckland Bowls is to co-ordinate a comprehensive coaching programme across our club network. Over the coming season, we want to work with clubs to understand their coaching needs and the coaching activities they undertake. We also want to confirm what other coaching resources are available to our members. We then plan to introduce a cohesive approach to how best to develop, use and share these resources.

Our aim is to provide clubs with guidance and support with their coaching activities plus to have a ‘knowledge centre’ of coaching information and resources available for their use.

### Playing programme

The new season’s playing schedule is jam-packed with events across the coming months, and we anticipate a great season of bowls.

The live streaming of key matches has been fantastic – we have many members watching these broadcasts as well as a growing viewership from a wider audience. We will continue to showcase our best bowling events to further increase the awareness of our sport. We wish to thank the team at Bowls New Zealand for providing such great coverage for our matches.

We are excited about the next rounds of competition and look forward to seeing our bowlers out on the greens. Good luck everyone – have fun, bowl well and stay safe.

## NOTES TO THE FINANCIAL REPORTS

For the Year Ended 30 April 2021

### 1. STATEMENT OF ACCOUNTING POLICIES

#### GENERAL ACCOUNTING POLICIES

The measurement base adopted is that of historical cost. Reliance is placed on the fact that the business is a going concern.

Auckland Bowls Incorporated has elected to apply PBE SFR-A (NFP) Public Benefit Entity Simple Format

Reporting - Accrual (Not-For-Profit) on the basis that it does not have public accountability and has total annual expenses of equal to or less than \$2,000,000. All transactions in the Financial Reports are reported using the accrual basis of accounting. The Financial Reports are prepared under the assumption that the entity will continue to operate in the foreseeable future.

#### Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of financial performance and financial position have been applied.

##### (a) Valuation of Assets

Fixed Assets have been recorded at cost less accumulated depreciation.

Listed investments have been recorded at market value (refer notes 5 and 6). Movements in market value of listed investments are reflected in the Investment Revaluation Reserve. Other investments are valued at cost plus accrued interest.

Accounts Receivable have been recorded at estimated realisable value. Where a debt has been considered irrecoverable, it has been written off in the Statement of Financial Performance.

##### (b) Depreciation of Fixed Assets

Fixed Assets have been depreciated on a straight line basis over the expected life of the asset with the exception of Leasehold Improvements which are being depreciated over the anticipated term of the tenancy lease.

##### (c) Goods and Services Tax

### 5. RAWHITI PROCEEDS

At an SGM of the Rawhiti Bowling Club (RBC) on 28th September 2014 the members resolved to transfer certain assets (\$5,413,867.92) to Auckland Bowls Incorporated to establish a Fund to be known as the Rawhiti Fund. The Rawhiti Fund is administered by Auckland Bowls

in accordance with the Deed of Agreement made between RBC and Auckland Bowls dated 11th May 2015.

At the same SGM a separate sum of \$1,109,997 was set aside for specific grants to be given to clubs where members of RBC had joined. Auckland Bowls

managed these funds on behalf of RBC. Auckland Bowls received an initial fee of \$7,000, plus the ongoing interest whilst the funds remained under Auckland Bowls management. Following distributions to approved clubs the fund balance is \$0.

### Independent auditor's report to the Members

## Report on the Performance Report

### Opinions

We have audited the performance report of Auckland Bowls Incorporated (the entity), which comprises the entity information, the statement of service performance, the statement of financial performance and statement of cash flows for the year ended 30 April 2021, the statement of financial position as at 30 April 2021, and the statement of accounting policies and other explanatory information.

#### *In our opinion:*

- a) the reported outcomes and outputs, and quantification of the outputs to the extent practicable, in the statement of service performance are suitable;
- b) the accompanying performance report gives a true and fair view of:
  - i) the entity information for the year then ended;
  - ii) the service performance for the year then ended; and
  - iii) the financial position of Auckland Bowls Incorporated as at 30 April 2021 and of its financial performance, and cash flows for the year then ended.

in accordance with Public Benefit Entity Simple Format Reporting – Accrual (Not-For-Profit) issued by the New Zealand Accounting Standards Board.

We conducted our audit of the statement of financial performance, statement of financial position, statement of cash flows, statement of accounting policies and notes to the performance report in accordance with International Standards on Auditing (New Zealand) (ISAs (NZ)), and the audit of the entity information and statement of service performance in accordance with the International Standard on Assurance Engagements (New Zealand) ISAE (NZ) 3000 (Revised).

Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Performance Report section of our report. We are independent of Auckland Bowls Incorporated in accordance with Professional and Ethical Standard 1 (Revised) Code of Ethics for Assurance Practitioners issued by the New Zealand Auditing and Assurance Standards Board, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other than in our capacity as auditor we have no relationship with, or interests in, the Auckland Bowls Incorporated.

## Responsibilities of the Board for the Performance Report

The Board are responsible for:

- a) Identifying outcomes and outputs, and quantifying the outputs to the extent practicable, that are relevant, reliable, comparable and understandable, to report in the statement of service performance;
- b) the preparation of a performance report on behalf of the entity that gives a true and fair view, which comprises:
  - the entity information;
  - the statement of service performance; and
  - the statement of financial performance, statement of financial position, statement of cash flows, statement of accounting policies and notes to the performance reportin accordance with Public Benefit Entity Simple Format Reporting – Accrual (Not-ForProfit) issued by the New Zealand Accounting Standards Board, and
- c) for such internal control as the Board determine is necessary to enable the preparation of the performance report that is free from material misstatement, whether due to fraud or error.

In preparing the performance report, the Board are responsible on behalf of Auckland Bowls Incorporated for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intend to liquidate Auckland Bowls Incorporated or to cease operations, or have no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the performance report is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) and ISAE (NZ) 3000 (Revised) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this performance report.

As part of an audit in accordance with ISAs (NZ) and ISAE (NZ) 3000 (Revised), we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the performance report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the use of the going concern basis of accounting by the Board and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Auckland Bowls Incorporated's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the performance report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the

date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the performance report, including the disclosures, and whether the performance report represents the underlying transactions and events in a manner that achieves fair presentation.
- Perform procedures to obtain evidence about and evaluate whether the reported outcomes and outputs, and quantification of the outputs to the extent practicable, are relevant, reliable, comparable and understandable.

We communicate with the Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement director on the audit resulting in this independent auditor's report is Alison Anderson.

### **Restriction on Distribution and Use**

This report is made solely to the entity's members, as a body. Our audit work has been undertaken so that we might state to the entity's members those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the entity and the entity's members, as a body, for our audit work, for this report or for the opinions we have formed.

# RAWHITI FUND COMMITTEE REPORT

Auckland Bowls works with clubs in our region to identify opportunities for their development and growth.

As per the Deed of Agreement, the Rawhiti Fund was set up to support club development projects, covered green projects, bowls marketing activities and facility enhancement projects.

The fund has monies placed in low-risk term deposit investments spread across three banks. These investments and the income generated are then available to be used by clubs for approved projects.

Funding applications are submitted to the Rawhiti Fund Committee, who then consider and approve relevant funding. The fund provides a significant legacy so together with Auckland Bowls, the Rawhiti Fund Committee is committed to ensuring that the use and application of funds is as it was intended.

Since the inception of the Fund, several clubs have implemented Club Development Agreements (CDA). With support from the Rawhiti Fund, these clubs have then been able

put in place targeted improvement and development initiatives. Great success has been achieved with the promotion the game of bowls, increase in participation numbers and generation of new members.

Over the last financial year \$255,000 of CDA funding was distributed across 14 clubs. A further \$147,000 was provided to four clubs for Facility Enhancement projects.

# KIMBERLEY INVESTMENT FUND

The Kimberley Investment Fund has a long-term strategy of growing the fund.

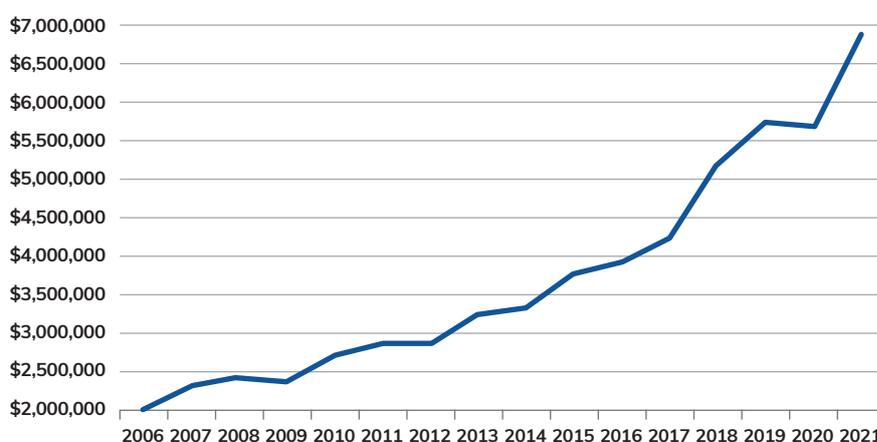

Over the year we have been working closely with our Financial Investment Wealth Advisers, Jarden Limited. They have provided expert guidance and management of our portfolio, which has proved invaluable during recent times of unpredictability in the economic markets.

ASSET CLASS	CURRENT VALUE	PORTFOLIO PERCENTAGE	TARGET PORTFOLIO PERCENTAGE
New Zealand Equities	\$2,190,797	31.92%	18%
Australian Equities	\$1,136,231	16.55%	15%

Alternative Equities	\$206,022	3.00%	5%
<b>PORTFOLIO TOTAL</b>	<b>\$6,863,746</b>	<b>100%</b>	<b>100%</b>

Covid-19 did have some impact on these investments during part of the financial year. However, through our prudent investment strategy we were able to fully recover from that position and have achieved excellent growth for the year.

We will continue to monitor activity across the Financial Investment sector but are comfortable that along with Jarden, we will do our best to maintain a healthy portfolio.
